- Chorus practice
- Dancers
- Musicians
- UU's

QUESTIONS?

How do we present this so that is not just a list of things we can do but an invitation to reach out and form partnerships based on our assets?

What changes do we need to make in how we organize and govern ourselves so that we are more flexible timely and responsive to opportunities?

Now do we convert this information, energy, and possibilities to a 3-5 year plan beginning with six month and 12 month goals?
